What Are These Course Modifications? The course modifications are notes that I have added to help you with the assignments. Many times they are tips, videos, or suggestions to get your started on the assignment.

**How do you find the Modifications?** First – look in the lesson tree for the modification icon:

👻 Web Design - Mozilla Firefox				
😵 connectionsacademy.com https://schools.connectionsacademy.com/content/chrome/online/default.aspx?idSection=1246918idCourse=18388idWebuser=422847				
	2 Web	Design		
	Cou	eb Design urse Summary is course, the student will be expected to master Web site creation essentials,		
-2. Elements of Design and HTML	Note: any lesson that has the modifications icon	different tools to create Web sites, and learn to make Web sites that follow ight laws and the Americans with Disabilities Act guidelines. The student will how to design Web pages, use Cascading Style Sheets (CSS), use tables to it Web pages, plan and apply color schemes for Web sites, use online ic resources, explain the basics of copyright laws and the Fair Use Act,		
	temp	proper Web citations, build and maintain a portfolio, and design and apply plates. ding		

Open the lesson with the modification and look at the bottom toolbar for the Modification icon. Click it – and read the notes from me

<style type="text/css"> .tablebg1 { background-color: #000000; font-size: 12px; color:#FFFFF; } .tablebg2{ background-color: #0000FF; font-size: 16px; color:#FF0000</th><th>Click the Modification button for the lesson</th></tr><tr><td><</td><td></style> <td>×</td>		×
$\bigotimes$	💿 🎯 🦉 🎯 🥥 🔕	

I expect you to read these modifications - but honestly, I think they will really help you.

I add the modifications to provide tips and tricks and to help you more fully understand the lesson.

Good luck!
