

## Foundations of Web Design Segment 2: Exam Review

### Review Module Exams

- The Modules exams are a great way to get a feel of the type of questions on the segment exams.
- Look in your gradebook and review these exams. **Take notes** and look up all of the answers you missed.

### Review the following Terms (make sure they are in your notes!)

- using forms and different input options (textboxes, radio buttons, etc.), using CSS, inline style sheets, CSS short hand, div tags, id and selector tags, rollovers, image maps, optimizing images for the web, planning a web site (storyboard, wireframe, sitemap), copyright, accessibility, SEO

### Exam Review Session

- Watch the recording of an [Exam Review Session](#). **Take notes!**

### Review Tab Questions

- Each Teenspace has a tab for “Review”. This lists some questions and answers to help you prepare. Go through these questions and take notes.

### Questions? ASK!

- Call/Email/Text me :)
- Pop into the Live Help Room. A teacher is always available to answer questions and screen share to help you understand a concept. Check the Announcement Page for dates/times.

**Remember, you can only take the exam once. Take your time when testing and USE YOUR NOTES. Answer the essay questions with detail. Support your answers.**

**I know you can do this!**

**GOOD LUCK!**
